

Sustainable Development Goals

Report 2025-2026

Message from the CEO

Ibadat International University Islamabad reaffirms its commitment to sustainability through the launch of its SDGs Report 2025–26. Aligned with the United Nations Sustainable Development Goals, the university is actively addressing global challenges such as climate change, inequality, and poverty through education, research, and community engagement.

This report highlights the university's progress in integrating sustainability into academics, reducing its environmental footprint, and promoting social responsibility. It reflects the collective efforts of students, faculty, and partners working toward inclusive, equitable, and lasting change.

As we continue this journey, we call on all stakeholders to collaborate in building a resilient and sustainable future.

Haider Ajaib

Chief Executive Officer (CEO)

Ibadat International University Islamabad

University's Vision:

Ibadat International University is committed to advancing the UN's 17 Sustainable Development Goals by 2030 through education, research, sustainable practices, and community engagement. Our vision is to empower future leaders, foster innovation, and build partnerships that contribute to a more inclusive, prosperous, and sustainable world.

Core Values:

- **Sustainability:** Commitment to environmentally responsible practices and promoting sustainable development in all university activities.
- **Integrity:** Upholding honesty, transparency, and ethical behaviour in education, research, and community engagement.
- **Excellence:** Striving for the highest standards in teaching, learning, innovation, and service.
- **Inclusivity:** Fostering an equitable and diverse environment where every individual is valued and empowered.
- **Collaboration:** Building strong partnerships within academia, industry, and communities to achieve shared goals.
- **Social Responsibility:** Engaging actively in initiatives that improve societal well-being and address global challenges.
- **Innovation:** Encouraging creative thinking and solutions that contribute to sustainable development.

SDG 1

1 NO POVERTY

Event Title– Relief Aid

Description:

Due to recent catastrophic floods in the country majority of people became homeless and there was acute shortage of food, potable water and shelter. Keeping in view this precarious situation, the top management of the IBADAT International University, Islamabad decided to provide relief to some of the affectees, in tehsil of Rajanpur, South Punjab. In this context, all preparations were made in collaboration with the University Social Services Club.

May, 2026

SDG 1

1 NO POVERTY

Description:

On 31 May 2026, a Gift Drive was organized to support underprivileged children and promote the values of generosity, compassion, and community service among students. The initiative involved the purchase and distribution of gifts to deserving children, bringing joy and support to vulnerable members of the community. The main objectives of the Gift Drive were to encourage social responsibility and volunteerism, strengthen community engagement, and contribute positively to the well-being of underprivileged children

Conclusion

The Gift Drive held on **31 May 2026** was a successful and rewarding initiative. The generous support received from the university and the valuable contribution of **Hamza Ali (VP ISSC)** played a significant role in achieving the objectives of the event. The activity reflected the values of compassion, teamwork, and community service, leaving a positive impact on both the recipients and the organizers.

SDG 2

2 ZERO HUNGER

Event Title – Iftar Drive

Description:

In Ramadan **2026** Ibadat International University Islamabad, organized an Iftar Drive event as part of its commitment to promoting inclusivity, community engagement, and fostering a sense of unity among its students, faculty, and staff during the holy month of Ramadan. The Iftar Drive aimed to provide a meaningful experience by distributing Iftar meals to individuals in need within the university community and beyond. The main objectives of the Iftar Drive to promote inclusivity and solidarity within the university community and provide support and assistance to individuals in need during the holy month of Ramadan.

SDG 2

2 ZERO HUNGER

Event Title: Nutritional Camp

Department of Diet and Nutritional Sciences Ibadat International University Islamabad participated in the medical camp at Standard Care Hospital on May 14th, 2026. Nutritional assessments along with personalized nutrition plan and dietary supplements were prescribed to the patients- all aligned with the UN Sustainable Development Goals (SDGs), particularly SDG-2 (Zero Hunger) and SDG-17 (Partnerships for the Goals).

SDG 2

2 ZERO HUNGER

WORLD FOOD DAY:

Composting for Change: Celebrating World Food Day”. The Department of Diet and Nutritional Sciences, in collaboration with NUMS, organized a seminar to promote sustainable environment through power of composting at university auditorium on October 23rd, 2025, contributing to the achievement of the UN Sustainable Development Goals (SDGs), particularly SDG 2 (Zero Hunger), SDG 12 (Responsible Consumption and Production), SDG 13 (Climate Action) and SDG 15 (Life on Land). Consumption and Production), SDG 13 (Climate Action) and SDG 15 (Life on Land).

SDG 3

Event Title– Medical Camp

Description:

The Ibadat Social Services Club (ISSC), under the supervision of Mrs. Noreen Aamir, successfully organized a free medical camp on **December 28, 2025**, in collaboration with the Jamila Sultana Foundation and Umeed e Zindagi Welfare Foundation. This initiative aimed to bridge the healthcare accessibility gap by providing free, quality medical services to underprivileged communities. The camp embodied the university's commitment to social responsibility and offered medical students an invaluable platform for practical, hands-on learning in real-world scenarios.

SDG 3

Event Title - Diabetes Awareness and Hospital-on-wheels.

Description:

Ibadat International University, in collaboration with The Diabetic Center (TDC), successfully organized a Diabetic Awareness Seminar and Free Screening Camp on **May 26, 2025**. The primary objective of this initiative was to combat the rising prevalence of diabetes by educating the university community about its causes, prevention, and management. The event provided a crucial platform for free health screenings, enabling early detection of at-risk individuals among students and staff, thereby promoting a proactive approach to health and well-being.

SDG 3

Event Title: – Blood Donation Camp

Description:

The Ibadat Social Services Club (ISSC) successfully organized a Blood Donation and Thalassemia Awareness Camp on May 7, 2026, in strategic collaboration with the Jamila Sultana Foundation. This event was conducted under the framework of the existing Memorandum of Understanding (MoU) between Ibadat International University (IIUI) and the Foundation, aiming to mobilize the university community for a critical humanitarian cause. The camp served the dual purpose of collecting vital blood units for thalassemia patients and the general blood supply, while simultaneously educating students, faculty, and staff on thalassemia prevention and the importance of regular blood donation.

SDG 3

Event Title: Iftar gathering at Bazeecha Trust.

On 2nd April, 2026 a heart-warming event took place at **Bazeecha Trust** where an Iftar gathering was organized for the orphans residing in the facility. The event aimed to provide a sense of community, compassion, and celebration during the holy month of Ramadan. The Iftar event was meticulously planned by IBADAT Social Service Club and a group of volunteers and generous sponsor (**Happy Little Family**) who wanted to make a positive impact on the lives of the orphans. They worked closely with the administration of the orphanage to ensure a smooth and successful event. The volunteers coordinated the logistics, arranged for food, decorations, and various activities, all while keeping in mind the dietary preferences and

Description:

This project represents a model of sustainable urban development, focusing on environmentally friendly and resource-efficient solutions for future cities. The model includes features such as eco-brick roads, greenery with public parks, solar plates, wind turbines, an electric vehicle (EV) charging pump, and a rainwater harvesting system.

CHEEZIOUS VISIT:

Exploring Sustainable Food Practices: From Classroom to Kitchen at Cheezious. The Department of Diet and Nutritional Sciences visited Cheezious in Bahria Phase 7 on 16th January, 2026.

This exciting field trip offered our students a unique chance to learn directly from industry professionals about sustainable food practices, quality assurance, and nutrition—all aligned with the UN Sustainable Development Goals (SDGs), particularly SDG 3. (Good Health and Well-being) and SDG 12 (Responsible Consumption and Production).

SDG 3

Hands-on Workshop on Clinical Trial Registration and Publication Success: A Practical Guide for Researchers

Date: 31 October 2025

Organizer: ORIC (Office of Research, Innovation & Commercialization)

Brief Description:

ORIC organized a *Hands-on Workshop on Clinical Trial Registration and Publication Success: A Practical Guide for Researchers* on **31 October 2025** to strengthen researchers' capacity in conducting and disseminating high-quality clinical research. The workshop provided practical training on the clinical trial registration process, including regulatory requirements, ethical considerations, and the use of recognized trial registries. Participants also received guidance on manuscript preparation, journal selection, publication ethics, and strategies for improving publication success in peer-reviewed journals. The event was aligned with **SDG-3 (Good-Health and Well-being)** and **SDG-9 (Industry, Innovation, and infrastructure)**. Interactive sessions and practical demonstrations enabled researchers to gain hands-on experience and address challenges commonly encountered during the research and publication process.

Key outcomes:

The workshop enhanced participants' understanding of clinical trial registration procedures and scientific publishing practices, equipping them with the skills needed to improve research transparency, compliance, and publication outcomes.

SDG 3

1. Event Overview

The Blood Donation Camp was successfully organized at IBADAT International University, Islamabad, in collaboration with Jamila Sultana Foundation and Punjab Thalassemia Center, a well-known organization dedicated to helping thalassemia patients through voluntary blood donations. The event aimed to promote the spirit of social responsibility among students and encourage them to contribute towards saving lives through blood donation.

9. Conclusion

The blood donation camp was a remarkable success, reflecting the unity, empathy, and sense of responsibility among the students of IBADAT International University. It also paved the way for organizing more such social welfare initiatives in the future.

SDG 4

Event Title: Student-Led Learning: A Teaching Strategy for SDG 4 - Quality Education

Summary

Student-led learning is an innovative teaching strategy aligning with Sustainable Development Goal 4 (SDG 4): Quality Education, emphasizing learner autonomy, critical thinking, and collaborative skills.

Key Aspects of Student-Led Learning

1. Autonomy and Agency: Students take ownership of their learning paths and goals.
2. Critical Thinking and Problem-Solving: Encourages deeper engagement with content.
3. Collaboration and Communication: Often involves group work, peer teaching.
4. Empowerment: Develops self-directed learners.

Implementation Approaches

- Flipped Classrooms: Students learn basics at home, use class time for discussions, projects.
- Project-Based Learning: Students work on real-world projects.
- Peer Teaching: Students teach concepts to peers.
- Learning Contracts: Students set goals, plan learning with teacher guidance.

SDG 4

Event Title: Capacity-Building Training Program

The Department of Diet and Nutritional Sciences Ibadat International University Islamabad, successfully participated in a specialized capacity-building training program on food systems transformation at Peshawar on June 19th, 2026. This initiative was developed by the Global Alliance for the Improved Nutrition (GAIN), a Swiss-based international nonprofit organization working to tackle malnutrition globally by improving access to nutritious diets. In collaboration with the National Agriculture Education Accreditation Council (NAEAC), GAIN designed this program to enhance the teaching capacity of university faculty. The program focused on sustainable food systems, research methodologies, and policy frameworks, aligning with the United Nations' Sustainable Development Goals, particularly SDG 2 (Zero Hunger) and SDG 4 (Quality Education).

SDG 4

4 QUALITY EDUCATION

Event Title: Workshop on Enhancing Teaching Excellence

A workshop was conducted for the Faculty of Computer Sciences with the focus on enhancing the quality of education in line with Sustainable Development Goal 4 (SDG-4). The session emphasized modern teaching methodologies, digital transformation in education, and student entered learning approaches. Faculty members were engaged in discussions on improving curriculum relevance, integrating technology in classrooms, and fostering critical thinking skills among students. Dated: 03 March 2026.

Event Title: Visit to Smart forum 3G Technologies:**Summery**

The students visited Smart Forum 3G Technologies, where they had an interactive session with industry professionals. The visit provided valuable exposure to practical insights in modern communication and technology solutions. Students learned about the company's innovative projects, current industry trends, and potential career pathways, making the visit a meaningful addition to their academic learning experience.

SDG 4

4 QUALITY EDUCATION

Event Title: Workshop on Efficient Citation Management Tools for Modern Research Articles:

Description:

A workshop on Efficient Citation Management Tools for Modern Research Articles was organized by the Department of Computer Science, Ibadat International University Islamabad on 19 May 2026 from 11:00 AM to 01:00 PM at the Auditorium, A Block. The session was

facilitated by Allam Tunio and aimed to strengthen the research, referencing, and academic writing skills of faculty members and students. The workshop provided comprehensive training on the effective use of modern citation management tools and highlighted their importance in producing high-quality scholarly work.

GA-9. The workshop supported the development of a strong research culture within the University by equipping participants with essential skills required for producing quality research Publications, fostering lifelong learning, and promoting excellence in higher education and Academic research.

SDG 4

4 QUALITY EDUCATION

Training Workshop on Artificial Intelligence for Teaching, Learning and Assessment:

Description:

A Training Workshop on Artificial Intelligence for Teaching, Learning and Assessment was organized by the Department of Computer Science, Ibadat International University Islamabad on 19 May 2026 at the Auditorium, Ibadat International University Islamabad to enhance the understanding and effective integration of artificial intelligence technologies in modern educational practices. The workshop was delivered by Prof. Dr. Syed Afaq Hussain, Dean, Faculty of Computer Sciences, and Mr. Hurraira Zohrab, who shared valuable insights into the transformative role of AI in teaching, learning, and assessment processes.

Participants explored the application of artificial intelligence in improving teaching methodologies, automating routine academic tasks, personalizing student learning experiences, and designing innovative assessment strategies. Through interactive discussions, practical demonstrations, and real-world examples, faculty members gained hands-on exposure to AI-driven educational technologies and learned how these tools can be effectively integrated into classroom instruction and academic management.

The activity encouraged faculty members to embrace digital transformation and leverage intelligent technologies to enhance student engagement, learning outcomes, and instructional effectiveness. By promoting innovation in education, strengthening digital competencies, and supporting continuous professional development, the workshop made a meaningful contribution to Sustainable Development Goal 4 (Quality Education) and GA-9. The initiative reinforced the university's commitment to fostering a technology-enabled learning ecosystem and preparing educators to meet the evolving demands of twenty-first-century education.

Participation in WECONS Masawat Mentorship Session

Description:

On **27 November 2025**, faculty members and students from the **Faculty of Computer Sciences, Ibadat International University Islamabad**, participated in the **WECONS Masawat Mentorship Session**, an inspiring initiative aimed at empowering students, particularly women, through academic mentorship, professional development, and leadership enhancement. The session provided a supportive platform for participants to strengthen their confidence, broaden their career perspectives, and gain valuable insights into emerging opportunities in technology, innovation, and entrepreneurship.

The mentorship session focused on promoting personal and professional growth by offering guidance on leadership development, career planning, entrepreneurship, and the responsible use of modern technologies. Participants received specialized training in **Artificial Intelligence (AI)** tools and **Prompt Engineering**, enabling them to explore practical applications of AI in research, creativity, problem-solving, and entrepreneurial ventures. The interactive nature of the session encouraged knowledge sharing, skill development, and active engagement with emerging digital technologies that are shaping the future workforce.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by enhancing digital literacy, promoting lifelong learning, and providing students with industry-relevant knowledge and practical skills. Furthermore, the initiative supported **Sustainable Development Goal 5 (Gender Equality)** by empowering women students through mentorship, leadership support, confidence-building activities, and increased access to opportunities in technology and innovation. Through this engagement, the university reinforced its commitment to inclusive education, women's empowerment, and the development of future leaders capable of contributing positively to society and the digital economy.

SDG 4

Seminar on AI-Driven Insight: Human Activity & Behavior

Description:

On **22 July 2025**, the **Faculty of Computer Sciences, Ibadat International University Islamabad**, organized a seminar titled “**AI-Driven Insight: Human Activity & Behavior**” to enhance students’ and faculty members’ understanding of the transformative role of artificial intelligence in analyzing human activities and behavioral patterns. The session was conducted by **Mr. M. Shujah Islam Sameem**, an international guest speaker from **Saudi Arabia**, who shared valuable insights into the latest developments, applications, and research trends in artificial intelligence and data-driven behavioral analysis.

The seminar provided participants with an opportunity to explore how AI technologies can be utilized to understand human behavior, support intelligent decision-making, and address real-world challenges across various domains, including healthcare, education, security, and smart systems. Through engaging discussions and practical examples, attendees gained exposure to emerging AI techniques, data analytics approaches, and innovative applications that are shaping the future of intelligent systems. The session also encouraged critical thinking and highlighted the importance of interdisciplinary research in advancing AI-driven solutions.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by promoting knowledge sharing, technological awareness, research engagement, and lifelong learning among students and faculty members. Furthermore, the seminar supported **GA-9** by strengthening participants’ understanding of emerging technologies, enhancing their analytical capabilities, and preparing them to contribute effectively to innovation and technological advancement in the digital era.

Seminar on AI-Driven Insight: Human Activity & Behavior

Description:

On 21 June 2026, the Faculty of Computer Sciences, Ibadat International University Islamabad, organized a seminar titled “AI-Driven Insight: Human Activity & Behaviour” to enhance students’ and faculty members’ understanding of the transformative role of artificial intelligence in analyzing human activities and behavioral patterns. The session was conducted by **Mr. M. Shujah Islam Sameem**, an international guest speaker from **Saudi Arabia**, who shared valuable insights into the latest developments, applications, and research trends in artificial intelligence and data-driven behavioral analysis.

The seminar provided participants with an opportunity to explore how AI technologies can be utilized to understand human behavior, support intelligent decision-making, and address real-world challenges across various domains, including healthcare, education, security, and smart systems. Through engaging discussions and practical examples, attendees gained exposure to emerging AI techniques, data analytics approaches, and innovative applications that are shaping the future of intelligent systems. The session also encouraged critical thinking and highlighted the importance of interdisciplinary research in advancing AI-driven solutions.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by promoting knowledge sharing, technological awareness, research engagement, and lifelong learning among students and faculty members. Furthermore, the seminar supported **GA-9** by strengthening participants’ understanding of emerging technologies, enhancing their analytical capabilities, and preparing them to contribute effectively to innovation and technological advancement in the digital era.

Final Year Project Awards Ceremony: From Code to Crown

Description:

The **Faculty of Computer Sciences, Ibadat International University Islamabad** organized the “**From Code to Crown: Applauding the Winners of the Final Year Project Awards**” ceremony on **04 February 2026** to recognize and celebrate the outstanding achievements of students who demonstrated excellence, innovation, and technical expertise through their Final Year Projects (FYPs). The event highlighted the creativity, dedication, and problem-solving abilities of students who developed innovative solutions to real-world challenges using modern computing technologies and research methodologies.

Faculty members, students, and academic leaders participated in the ceremony to acknowledge the hard work and accomplishments of the award recipients. The event provided an opportunity to showcase exceptional projects and encourage a culture of research, innovation, and academic excellence within the university. By recognizing outstanding student achievements, the ceremony motivated aspiring researchers and future professionals to pursue excellence in technology-driven innovation and scholarly work.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** and **GA-9** by promoting academic excellence, encouraging student innovation, and fostering a competitive learning environment that rewards creativity, research, and technical competency. Furthermore, the event supported the development of future technology leaders by inspiring students to apply their knowledge and skills toward addressing contemporary societal and industrial challenges through innovative computing solutions.

Final Year Project (FYP) Presentations 2026

Description:

The Faculty of Computer Sciences, Ibadat International University Islamabad organized the **Final Year Project (FYP) Presentations** on **30 January 2026** to provide students with an opportunity to showcase the knowledge, technical skills, and innovative solutions they had developed during their undergraduate studies. The presentations served as a platform for students to demonstrate their ability to apply theoretical concepts and practical expertise to address real-world challenges through computing and emerging technologies. The event also strengthened the connection between academic learning and industry needs by encouraging students to develop projects that address contemporary technological and societal challenges.

Students presented a diverse range of projects covering areas such as software development, artificial intelligence, data analytics, mobile applications, cybersecurity, and other innovative computing solutions. Faculty members and evaluation committees assessed the projects based on their technical quality, originality, practical relevance, innovation, and potential impact. The presentations encouraged critical thinking, problem-solving, effective communication, teamwork, and professional presentation skills while providing valuable feedback for further refinement of the projects. The event also highlighted the importance of industry-oriented solutions and promoted the development of technologies capable of addressing real-world requirements.

The activity contributed to **Sustainable Development Goal 4 (Quality Education)** by promoting experiential learning, research-based education, practical application of knowledge, and the development of professional competencies among students. Simultaneously, it supported **Sustainable Development Goal 9 (Industry, Innovation and Infrastructure)** and **GA-9** by fostering innovation, encouraging technology-driven solutions, strengthening industry-relevant skills, and promoting the development of projects with potential applications in industrial and commercial sectors. Through this initiative, the university reinforced its commitment to producing skilled graduates equipped to contribute to technological advancement, innovation, and sustainable economic development.

Recognition for Outstanding Performance in the HUAWEI ICT Competition 2025–26

Description:

On 15 June 2026, Rimm Asad from the Faculty of Computer Sciences, Ibadat International University Islamabad, was honored for **Outstanding Performance in the HUAWEI ICT Competition 2024–25**, a prestigious international competition designed to promote excellence in information and communication technologies among university students. The achievement reflects the student's dedication, technical expertise, and commitment to continuous learning in emerging areas of information technology and digital innovation.

The recognition highlights the university's efforts to foster a culture of academic excellence, professional skill development, and industry-oriented learning. Participation in globally recognized competitions such as the HUAWEI ICT Competition provides students with opportunities to apply theoretical knowledge to practical challenges, enhance their technical competencies, and gain exposure to international standards and emerging technological trends. Such achievements also strengthen the university's reputation for producing highly skilled graduates capable of competing in the global technology landscape.

This accomplishment contributed to **Sustainable Development Goal 4 (Quality Education)** by encouraging excellence in learning, developing advanced digital skills, and promoting student achievement in technology-related disciplines. Furthermore, it supported **Sustainable Development Goal 9 (Industry, Innovation and Infrastructure)** and **GA-9** by fostering innovation, strengthening industry-relevant competencies, and encouraging active engagement with globally recognized technology platforms and professional development opportunities.

Industry Evaluation of Final Year Projects

Description:

On **26 June 2025**, final-year students from the **Department of Computer Science, Department of Software Engineering, and Department of Computer Applications** at **Ibadat International University Islamabad** showcased their innovative projects before a panel of industry professionals and academic experts. The event provided a valuable platform for students to demonstrate their technical expertise, creativity, research capabilities, and problem-solving skills through projects addressing contemporary technological and societal challenges.

The showcased projects covered diverse domains including software development, artificial intelligence, mobile applications, web technologies, data analytics, cybersecurity, and other emerging areas of computing. Industry professionals actively participated in evaluating the projects, offering constructive feedback, and appreciating the innovative solutions developed by the students. Their involvement enabled students to gain insights into industry expectations, practical applications of technology, and opportunities for further improvement and commercialization of their ideas. The interaction also fostered stronger connections between academia and industry while encouraging students to align their projects with real-world needs and market demands.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by promoting experiential learning, practical application of knowledge, research-based education, and professional skill development. Furthermore, it supported **Sustainable Development Goal 9 (Industry, Innovation and Infrastructure)** and **GA-9** by encouraging innovation, strengthening industry-academia collaboration, fostering technology-driven solutions, and preparing students to contribute effectively to technological advancement, entrepreneurship, and sustainable economic development.

SDG 4

Description: The Department of Management Sciences organized Business Day 2026 on 8 June 2026, where Entrepreneurship students showcased their innovative business ideas through a variety of business stalls. The event provided students with practical exposure to entrepreneurship, marketing, sales, customer engagement, and business management. Students displayed products and services from different sectors, demonstrating creativity, teamwork, and entrepreneurial skills. Faculty members, students, and visitors actively participated in the event, making it a successful platform for learning, networking, and entrepreneurial growth.

SDG 4

Event Title – Entrepreneurial Workshop: Presenting Innovative Business Ideas

Description: The Department of Management Sciences organized an Entrepreneurial Workshop on 8 June 2026 to provide students with an opportunity to present their innovative business ideas and entrepreneurial ventures. The workshop served as a platform for aspiring entrepreneurs to showcase creative solutions to real-world challenges, develop business pitching skills, and receive valuable feedback from faculty members and peers. Students presented innovative startup concepts across various sectors, demonstrating their understanding of entrepreneurship, innovation, market opportunities, and sustainable business practices. The workshop was aligned with Sustainable Development Goal (SDG) 4 – Quality Education by promoting practical and experiential learning, SDG 8 – Decent Work and Economic Growth by encouraging entrepreneurship and employment generation, and SDG 9 – Industry, Innovation and Infrastructure by supporting innovation and the development of sustainable business solutions.

Hands-on Workshop on Research Referencing Tools

Date: 19 May 2026

Organizer: ORIC (Office of Research, Innovation & Commercialization)

Brief Description:

ORIC organized a *Hands-on Workshop on Research Referencing Tools* on **19 May 2026** to enhance researchers' skills in managing citations and references effectively. The workshop provided practical training on the use of popular reference management software such as EndNote, Mendeley, and Zotero. Participants learned how to organize research literature, create citation libraries, insert references into manuscripts, and generate bibliographies in various citation styles. The interactive sessions included hands-on exercises designed to improve research efficiency, accuracy, and adherence to academic writing standards. The workshop was aligned with **SDG-4 (Quality Education)** to strengthen the research and academic writing competencies of faculty members, researchers, and students, contributing to quality higher education and lifelong learning opportunities.

Key Outcome:

Participants gained practical expertise in using research referencing tools, leading to improved citation management, enhanced quality of scholarly writing, reduced risk of plagiarism, and greater efficiency in research and publication activities.

SDG 4

Cheque Distribution Ceremony for Faculty Research Publications Reward

Date: 29 January 2026

Organizer: ORIC (Office of Research, Innovation & Commercialization)

Brief Description:

ORIC organized the *Cheque Distribution Ceremony for Faculty Research Publications Reward on 29 January 2026* to recognize and reward faculty members for their outstanding research contributions and publications in reputable national and international journals. The ceremony aimed to promote a vibrant research culture within the university by acknowledging scholarly excellence and encouraging faculty to pursue high-impact research. During the event, research publication reward cheques were distributed to eligible faculty members in recognition of their achievements and commitment to advancing knowledge through quality research. The ceremony also provided an opportunity to highlight the university's research accomplishments and reinforce the importance of research productivity and academic excellence.

The event was aligned with **SDG 4 – Quality Education** promoted research excellence and academic development by encouraging faculty members to contribute to knowledge creation and dissemination through high-quality scholarly publications; with **SDG 9 – Industry, Innovation and Infrastructure** supported research and innovation activities, the initiative strengthened the institution's research ecosystem and fostered a culture of innovation and scientific advancement; and also with **SDG 17 – Partnerships for the Goals** as research publications often involve national and international collaborations, and rewarding such contributions supports knowledge sharing and academic partnerships.

Key Outcome:

The ceremony motivated faculty members to enhance their research productivity, publish in high-impact journals, and contribute to the university's research reputation, while reinforcing the institution's commitment to recognizing and rewarding academic excellence.

SDG 5

Event Title: Gender Equality in Academia: Faculty and Students

Summary

Promoting gender equality in educational institutions supports inclusivity, diversity, and empowerment for both faculty and students, aligning with Sustainable Development Goal 5 (SDG 5): Gender Equality.

Key Aspects for Faculty

1. Equal Opportunities: Recruitment, promotions, leadership roles should be gender-inclusive.
2. 2. Work-Life Balance: Policies supporting work-life balance (e.g., parental leave).
3. 3. Mentorship: Mentorship programs for career development.
4. 4. Address Bias: Awareness and mitigation of unconscious bias in evaluations, hiring.
5. 5. Inclusive Culture: Foster respectful, inclusive workplace culture.

6. Key Aspects for Students

7. 1. Equal Access: Equal access to education, resources, opportunities.
8. 2. Scholarships/Support: Targeted scholarships or support for underrepresented genders in certain fields.
9. 3. Safe Environment: Campuses should be safe, addressing harassment, discrimination.
10. 4. Curriculum Inclusion: Integration of gender perspectives in curricula.
11. 5. Leadership Opportunities: Encourage student leadership regardless of gender

Event Title: Open House 2026: Bridging Academia and Industry:

Description:

The Department of Computer Science, Ibadat International University Islamabad organized Open House 2026 on 10 June 2026 at the Auditorium, Ibadat International University Islamabad to strengthen collaboration between academia and industry while showcasing the innovative projects, technical skills, and research capabilities of its students. The event served as a dynamic platform for fostering meaningful engagement between students, faculty members, industry leaders, organizations, and professionals from diverse sectors.

During the event, students presented their Final Year Projects (FYPs), research initiatives, and technology-driven solutions to real-world challenges. Industry representatives and professionals interacted with students, evaluated their projects, and provided constructive feedback regarding the practical applicability, innovation potential, and commercial viability of their work.

Open House 2026 encouraged innovation, entrepreneurship, critical thinking, and collaborative problem-solving by providing a forum for the exchange of ideas and exploration of emerging technologies. The event facilitated stronger partnerships between academia and industry, paving the way for future collaborations in research, internships, training opportunities, and technology transfer initiatives. By promoting technological advancement, fostering innovation, and strengthening industry-academia linkages, the activity made a significant contribution to Sustainable Development Goal 9 (Industry, Innovation and Infrastructure) and GA-9, while supporting the development of a knowledge-based economy and encouraging innovative solutions to contemporary societal and industrial challenges.

SDG 9

Event Title: Seminar on Youth Empowerment through Entrepreneurship and Innovation

Description:

On 21 March 2026, the Faculty of Computer Sciences, Ibadat International University Islamabad, organized a **Seminar on Youth Empowerment through Entrepreneurship and Innovation** to inspire students to become future leaders, innovators, and entrepreneurs. The seminar featured distinguished guest speakers, **Mr. Moon Amir**, CEO of Innoval Technologies and Member of PAFLA, and **Mr. Kamran Taufiq Khan** from the **National Incubation Center (NIC)**, who shared their experiences and insights on entrepreneurship, innovation, leadership, and professional growth.

The session provided students with valuable guidance on identifying opportunities in the digital economy, transforming innovative ideas into successful ventures, and developing the leadership skills necessary to navigate modern business and technology environments. Through interactive discussions and real-world examples, participants gained a deeper understanding of entrepreneurship ecosystems, startup development, innovation-driven problem-solving, and the importance of resilience and creativity in achieving professional success. The seminar also highlighted the role of technology and innovation in addressing societal challenges and creating sustainable economic opportunities.

The activity contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by enhancing students' knowledge, leadership capabilities, and entrepreneurial mindset through experiential learning and industry engagement. Furthermore, it supported **Sustainable Development Goal 9 (Industry, Innovation and Infrastructure)** and **GA-9** by promoting innovation, fostering entrepreneurial thinking, strengthening industry-academia linkages, and encouraging students to develop technology-driven solutions that contribute to economic growth and sustainable development.

SDG 10

Event Title: Orphanage Home Visit

Introduction

On the 25th of Ramadan, corresponding to 15th March 2026, the ISSC team organized humanitarian visit to a local orphanage with the aim of spreading joy, providing support, and strengthening community bonds during the blessed month of Ramadan. The visit was part of ISSC's ongoing social responsibility initiatives focused on helping underprivileged children.

Conclusion

The ISSC orphanage visit on 15th March (25th Ramadan) was a meaningful and heart-warming experience. By spending time with the children, distributing clothes and gifts, and sharing Iftari, the volunteers were able to bring smiles to many faces and make the holy month of Ramadan even more special for the orphanage residents. Such initiatives reflect the true spirit of compassion, generosity, and community service, and ISSC remains committed to continuing similar activities in the future.

SDG 10

10 REDUCED INEQUALITIES

Event Title: Diabetes Awareness and Hospital-on-wheels

Description:

Ibadat International University, in collaboration with The Diabetic Center (TDC), successfully organized a Diabetic Awareness Seminar and Free Screening Camp on **May 26, 2025**. The primary objective of this initiative was to combat the rising prevalence of diabetes by educating the university community about its causes, prevention, and management. The event provided a crucial platform for free health screenings, enabling early detection of at-risk individuals among students and staff, thereby promoting a proactive approach to health and well-being.

SDG 10

Event Title: Medical Camp

Description:

The Ibadat Social Services Club (ISSC), under the supervision of Mrs. Noreen Aamir, successfully organized a free medical camp on **December 28, 2025**, in collaboration with the Jamila Sultana Foundation and Umeed e Zindagi Welfare Foundation. This initiative aimed to bridge the healthcare accessibility gap by providing free, quality medical services to underprivileged communities. The camp embodied the university's commitment to social responsibility and offered medical students an invaluable platform for practical, hands-on learning in real-world scenarios.

SDG 11

Event Title- Model of Sustainable Urban Development

Description:

This project represents a model of sustainable urban development, focusing on environmentally friendly and resource-efficient solutions for future cities. The model includes features such as eco-brick roads, greenery with public parks, solar plates, wind turbines, an electric vehicle (EV) charging pump, and a rainwater harvesting system. The event take place on 13 April 2025.

SDG 12

Event Title: Capacity-Building Training on Food Systems Transformation.

Description

The Department of Diet and Nutritional Sciences (DDNS) at Ibadat International University participated in a capacity-building training program on food systems transformation on **12 June 2026**. The program, developed by the Global Alliance for Improved Nutrition (GAIN) in collaboration with the National Agriculture Education Accreditation Council (NAEAC), focused on sustainable food systems, research, and policy. It aligned with **SDG 2 (Zero Hunger)**, **SDG 3 (Good Health and Well-being)**, and **SDG 12 (Responsible Consumption and Production)**.

SDG 12

Event Title: Cheezious Visit

Description:

Exploring Sustainable Food Practices: From Classroom to Kitchen at Cheezious. The Department of Diet and Nutritional Sciences visited Cheezious in Bahria Phase 7 on 16th January, 2026.

This exciting field trip offered our students a unique chance to learn directly from industry professionals about sustainable food practices, quality assurance, and nutrition—all aligned with the UN Sustainable Development Goals (SDGs), particularly SDG 12 (Responsible Consumption and Production).

SDG 13

13 CLIMATE ACTION

Event Title: Plantation Drive for Environmental Sustainability

Description:

On **07 December 2025**, a **Plantation Drive** was organized through a collaborative effort between **Alkhidmat Foundation Punjab North**, the **Ibadat Social Services Club**, and **Ibadat International University Islamabad** to promote environmental sustainability and raise awareness about the importance of environmental conservation. The activity brought together students, faculty members, and community representatives in a collective effort to contribute towards a greener and healthier environment through tree plantation and environmental stewardship.

The drive aimed to instill a sense of environmental responsibility among participants while highlighting the critical role of trees in mitigating climate change, improving air quality, preserving biodiversity, and creating sustainable communities. Participants actively engaged in planting saplings across designated areas of the university, demonstrating their commitment to environmental protection and sustainable development. The event also served as an educational opportunity to emphasize the importance of adopting environmentally responsible practices and encouraging community participation in climate action initiatives.

The activity made a meaningful contribution to **Sustainable Development Goal 13 (Climate Action)** and **GA-9** by promoting awareness of climate-related challenges and encouraging practical measures to reduce environmental degradation. Through collaborative action and community engagement, the Plantation Drive reinforced the university's commitment to sustainability, environmental conservation, and the development of responsible citizens dedicated to building a greener future for coming generations.

Ibadat International University Installs High-Capacity Reverse Osmosis (RO) System.

Description:

On **18 June 2026**, Ibadat International University installed a high-capacity **Reverse Osmosis (RO) system** with a capacity of **1000 liters per hour** and a **multi-stage filtration system**. This initiative ensures the continuous supply of clean and safe drinking water for students across campus. The installation is aligned with **Sustainable Development Goal 6 (Clean Water and Sanitation)**, which promotes universal access to safe and affordable drinking water and improved water quality through advanced treatment technologies.

SDG 15

15 LIFE ON LAND

Event Title: Going Green for a Sustainable Future

30 April 2026

Description:

Students of Ethics & Sustainable Development from BBA showcased innovative, eco-friendly projects under the theme '**Nurturing the Planet**', demonstrating their commitment to protecting and restoring terrestrial ecosystems.

SDG 15 Alignment:

Life on Land: Promotes sustainable land management, biodiversity conservation, and efforts to halt land degradation through student-driven environmental initiatives.

SDG 15

Event Title: World Food Day

Description:

Composting for Change: Celebrating World Food Day”. The Department of Diet and Nutritional Sciences, in collaboration with NUMS, organized a seminar to promote sustainable environment through power of composting at university auditorium on October 23rd, 2025, contributing to the achievement of the UN Sustainable Development Goals (SDGs), particularly SDG 2 (Zero Hunger) and SDG 15 (Life on Land).

SDG 15

Event Title: World Annual Perfusion Week.

Description:

Celebrating World Annual Perfusion Week at Ibadat International University Islamabad, with the Department of Health Perfusion Technologies. Students showcased impressive projects and skits, earning appreciation from Chief Guest Dr. Muhammad Tariq Rao, Ex-HOD NUMS/NIHD, Ex-Chief Perfusionist AFIC, and Supervisor/Examiner at UHS. A remarkable event highlighting innovation and excellence in perfusion science and technology.

SDG 16

Event Title: **Seerat-un-Nabi ﷺ Seminar on Peace, Justice, and Strong Institutions** *at Ibadat International University, Islamabad.*

This seminar highlights the exemplary life of Prophet Muhammad ﷺ as a guiding model for peace, justice, and strong institutions. Hosted at Ibadat International University, it explores how the Prophet's ﷺ teachings on compassion, fairness, and ethical leadership can inspire modern efforts toward building just and inclusive societies.

SDG 16

Title: Empowering Youth for Peace and Inclusive Communities: Ibadat University & AKFNP Partnership

Date: 24 April 2026

Description:

Ibadat International University Islamabad and Alkhidmat Foundation Pakistan Punjab North (AKFNP) have partnered to empower youth through education and social engagement. By providing training, internships, and volunteer opportunities, they promote youth participation in community development and humanitarian efforts. This collaboration supports SDG 16 by fostering peaceful, inclusive societies, encouraging civic participation, and strengthening institutions through active youth involvement.

SDG 16

Event Title: *Talking Cultures: Your Words Create Your World*

Date: 27 March 2026

Description:

The Department of Language & Literature at Ibadat International University Islamabad hosted a thought-provoking session titled *Talking Cultures: Your Words Create Your World*, led by Ms. Elsa Imdad Hussain. The session highlighted the power of language in shaping identity, promoting intercultural understanding, and fostering meaningful communication.

This initiative aligns with:

- **SDG 4 – Quality Education**, by enhancing linguistic and cultural literacy;
- **SDG 16 – Peace, Justice and Strong Institutions**, by encouraging respectful dialogue and cultural awareness.

Partnerships for the Goals (SDG-17, GA-9)

5.1 Student Volunteer Participation in NICAT AeroFusion 2026

Description:

Students from **Ibadat International University Islamabad** actively participated as members of the **Ushers Team at NICAT AeroFusion 2026**, demonstrating exceptional professionalism, dedication, and teamwork throughout the event. Their contribution played a vital role in ensuring the smooth execution of the program by assisting participants, guiding guests, managing event logistics, and providing support to organizers. Through their active involvement, the student volunteers gained valuable experience in communication, leadership, coordination, and event management while representing the university with excellence and responsibility.

The participation provided students with an opportunity to engage in a professional environment, interact with industry representatives and stakeholders, and develop essential interpersonal and organizational skills. Their commitment and positive attitude contributed significantly to creating a welcoming and efficient experience for attendees, reflecting the university's emphasis on service, collaboration, and experiential learning. The event also encouraged students to strengthen their confidence, teamwork abilities, and professional conduct in real-world settings.

The activity contributed to **Sustainable Development Goal 4 (Quality Education)** by fostering practical learning experiences, leadership development, and professional skill enhancement beyond the classroom environment. Furthermore, it supported **Sustainable Development Goal 17**

(Partnerships for the Goals) and **GA-9** by promoting collaboration between educational institutions, industry stakeholders, and community partners, while encouraging active student engagement in initiatives that contribute to professional growth and institutional cooperation.

SDG 17

17 PARTNERSHIPS
FOR THE GOALS

Event title: International Academic Collaboration with the University of Salford

Description:

On **15 January 2026**, **Ibadat International University Islamabad** proudly established a collaborative partnership with the **University of Salford, United Kingdom**, marking a significant step toward strengthening international academic engagement and promoting global educational excellence. This collaboration reflects the university's commitment to expanding international linkages, fostering cross-cultural academic exchange, and creating opportunities for collaborative teaching, research, and professional development.

The partnership aims to facilitate knowledge sharing, academic cooperation, and the exchange of best practices in higher education. Through this collaboration, both institutions seek to explore opportunities for joint research initiatives, faculty and student exchanges, academic networking, curriculum enhancement, and capacity-building activities. Such international engagements provide valuable exposure to global educational standards and contribute to the development of a diverse and inclusive learning environment for students and faculty members.

This initiative contributed significantly to **Sustainable Development Goal 4 (Quality Education)** by promoting access to high-quality educational opportunities, strengthening academic capacity, and encouraging international learning experiences. Furthermore, the collaboration supported **Sustainable Development Goal 17 (Partnerships for the Goals)** and **GA-9** by fostering strategic institutional partnerships, enhancing international cooperation, and creating pathways for sustainable academic and research collaborations that contribute to the advancement of higher education and global knowledge exchange.

SDG 17

17 PARTNERSHIPS
FOR THE GOALS

Open House and FYP EXPO 2026

Date: 10 June 2026

Organized by: ORIC (Office of Research, Innovation & Commercialization) in collaboration with the Department of Computer Science and External Industry Partners

Brief Description: ORIC, in collaboration with the Department of Computer Science and external industry partners organized the *Open House and FYP EXPO 2026 on 10 June 2026* to showcase innovative Final Year Projects (FYPs), research prototypes, and technology-driven solutions developed by students. The event provided a dynamic platform for students to demonstrate their technical skills, creativity, and problem-solving abilities to faculty members, industry experts, entrepreneurs, and potential employers. Industry representatives evaluated projects, shared professional insights, and explored opportunities for collaboration, internships, and commercialization of promising innovations. The expo fostered stronger academia-industry linkages while encouraging students to develop solutions that address real-world challenges through emerging technologies and applied research.

The event was aligned with **SDG-8 (Decent work and Economic Growth)** to connect students with industry professionals and highlighting employability, entrepreneurship, and startup opportunities, the expo supported workforce development and economic growth; and also with **SDG-17 (Partnership for the Goals)** to provide opportunity for collaboration among ORIC, the Department of Computer Science, and industry partners exemplified the importance of partnerships in fostering innovation, knowledge exchange, and sustainable development.

SDG 17

17 PARTNERSHIPS
FOR THE GOALS

Cheque Distribution Ceremony for Faculty Research Publications Reward

Date: 29 January 2026

Organizer: ORIC (Office of Research, Innovation & Commercialization)

Brief Description:

ORIC organized the *Cheque Distribution Ceremony for Faculty Research Publications Reward on 29 January 2026* to recognize and reward faculty members for their outstanding research contributions and publications in reputable national and international journals. The ceremony aimed to promote a vibrant research culture within the university by acknowledging scholarly excellence and encouraging faculty to pursue high-impact research. During the event, research publication reward cheques were distributed to eligible faculty members in recognition of their achievements and commitment to advancing knowledge through quality research. The ceremony also provided an opportunity to highlight the university's research accomplishments and reinforce the importance of research productivity and academic excellence.

The event was aligned with **SDG 4 – Quality Education** promoted research excellence and academic development by encouraging faculty members to contribute to knowledge creation and dissemination through high-quality scholarly publications; with **SDG 9 – Industry, Innovation and Infrastructure** supported research and innovation activities, the initiative strengthened the institution's research ecosystem and fostered a culture of innovation and scientific advancement; and also with **SDG 17 – Partnerships for the Goals** as research publications often involve national and international collaborations, and rewarding such contributions supports knowledge sharing and academic partnerships.

Key Outcome:

The ceremony motivated faculty members to enhance their research productivity, publish in high-impact journals, and contribute to the university's research reputation, while reinforcing the institution's commitment to recognizing and rewarding academic excellence.

SDG 17

Cheque Distribution Ceremony for Faculty Research Publications Reward

Date: 19 May 2026

Organizer: ORIC (Office of Research, Innovation & Commercialization)

Brief Description:

ORIC organized a *Cheque Distribution Ceremony for Faculty Research Publications Reward* on **19 May 2025** to recognize and encourage the research achievements of faculty members. During the ceremony, reward cheques were distributed to faculty whose research articles had been published in reputable national and international journals. The event highlighted the institution's commitment to promoting a strong research culture, enhancing research productivity, and acknowledging the valuable contributions of researchers. University leadership and faculty members attended the ceremony, appreciating the efforts of award recipients and encouraging continued excellence in research and scholarly publishing.

Key Outcome:

The ceremony motivated faculty members to pursue high-quality research, increase scholarly publications, and contribute to the university's research excellence and national/international visibility.
